   ▪ Flipped Classroom

47. **Number of faculty who were awarded M.Phil., Ph.D., D.Sc. and D.Litt. during the assessment period:**
   No

48. **How does the department ensure that programme objectives are constantly met and learning outcomes are monitored?**
   The department ensures the learning outcomes by conducting internal assessment, home assignment, student interaction and remedial/tutorial classes etc. Along with that, it will be ensured through,

   ▪ Preparation of lesson plans for each subject and maintenance of course materials;

   ▪ Regular academic audits;

   ▪ Self-assessment and feedback by alumni, faculty, Student;

   ▪ Employer's interaction.
     Monitored through identifying slow learners, advanced learners, Middle learners

   ▪ Slow learners- remedial

   ▪ Advanced learners – Cross teaching

   ▪ Middle learners – Motivate them to organize the events

   ▪ Slow learners – LMS ppt and hand notes

   ▪ Advanced Learners –LMS Additional web resources
     And it is monitored through everyday assessment

   ● Think beyond Curriculum – Arranging subject specific workshops in industry perspective

49. **Briefly highlight the contributions of the department in generating new knowledge, basic or applied:**

BCA programme focus on basic as well as applied knowledge and skills in Computer Science and Applications that are integrated and delivered in a comprehensive manner to prepare students to enter the IT world. The Department has well-qualified and competent faculty with different areas of specializations. The Department has shown good results in terms of success rate and placements of the students. Students are made to work on different design projects at different level for which detail analysis is done and compiled, on the basis of which final design is framed out. (In final year new design projects are introduced every year). Department is conducting regular knowledge sharing sessions by inviting guest speakers and other resource person to equip students in line with current industry needs. The department plans and incorporates programmes, activities, events, assignments and seminar topics in the curricular and co-curricular activities for holistic development of students.

- **Bridge Course and Orientation Programme:** It help the students to gain insights in the subject and to bridge the gap between acquired and course specific requirements. Orientation programmes are mainly planned meticulously and executed for students to understand the scope, characteristics and requirements of the programme and courses offered.

- **Career Accelerator Programme (CAP)** The department each year add to its basket, new and innovative programmes which enable students to improve and fine tune their programme specific skills by using both soft and hard skills in a creative manner. CAP is an ideal learning platform that enables students to upskill to the most in-demand technology skills like Data Science, Big Data, Artificial Intelligence, Cloud, Web Design & Development & Programming skills like Python, Dot Net & many more It will help them work smarter, get to achieve career goals faster and create an exciting technology led future.

- **Alumni Interaction Series:** This is a significant platform which gives students the opportunity to hear from their seniors about their journey and experiences from college to the corporate world. Alumni Interaction series is an informal talk session by a notable alumnus on a topic related to a functional area through Meet or in person on campus. It is done to foster interaction of our notable alumni with the current students which would generate a sense of pride regarding the institute among the current students. The students would also get valuable insights about industry trends and learn a lot from the experiences and journey of these industry stalwarts. This is also done to achieve the objective of increased connect and engagement of alumni with the department/Institute.

  "Homecoming 2K24," organized by the Department of Computer Science at Christ College of Science and Management, Malur, bridged the gap between alumni from 2015 to 2023 and current students. The event fostered connections and inspiration, enhancing the collective bond within the alumni community, and contributing to the department's ongoing efforts in knowledge generation, both basic and applied.

- **CSA Investiture Ceremony:** The Department of Computer Science held the Investiture Ceremony on January 04, 2023, where the elected Office Bearers for the 2022-23 academic year took their oath and assumed their duties, contributing to the department's efforts in fostering leadership and knowledge generation.

- **Think Beyond:** Department believes in teaching beyond the syllabus because it strengthens and expands students' existing knowledge and adds interest to the course. The students are encouraged to participate in various quality components such as case studies, group project, student presentations, Industrial Visits, Technical fest – LOGIN which extend the platform to explore Web designing, gaming, debugging, technical seminars, Article Review and social awareness programmes to develop their scholarly activities.

- **E-**repositories for the department - DQAC Google classroom

50. **Does the department obtain feedback from?**

- **Faculty on curriculum as well as teaching-learning-evaluation? If yes, how does the department utilize the feedback?**
  Yes, all issues related to teaching-learning-evaluation are discussed at the departmental meetings on a regular basis. Suggestions for improving them are placed before the Academic Council meeting for approval and implementation.

Action taken report on feedback on syllabus – Problems, Solution- Serious problem need to be addressed

- **Students on staff, curriculum and teaching-learning-evaluation and how does the department utilize the feedback?**
  Yes, the subject teacher gets feedback on curriculum, teaching-learning process etc from students on a regular basis. All issues related to teaching-learning-evaluation are discussed in a comprehensive manner. The department analyses these reports and suggestions and corrected measures, if needed are taken.

- **Alumni and employers on the programmes offered and how does the department utilize the feedback?**
  Department is in touch with some of the alumni through personal contacts as well as social network. They offer suggestions for the improvement of the curriculum as well as teaching-learning-evaluation. During alumni meet, a session is dedicated to discuss the syllabus and curriculum since the feedback from alumni is extremely valuable for us to improve the curriculum, research efforts and quality of service.
